

COVID-19 Room Cleaning Guidelines

During the COVID-19 situation, please note these special arrangements for the cleaning of each room.

Personal Protective Equipment (PPE)

Stored in the top level storeroom and on top of the bookshelves in the lounge level.

- Disposable gloves
- Disposable cloths
- 70% alcohol in spray bottle (please return to storeroom immediately after use)

Cleaning & Disinfection

1. On arrival

Disinfect commonly touched surfaces in the bedroom and bathroom wearing disposable gloves and using 70% alcohol and disposable cloths.

- All door handles, light switches and room keys
- Shelf tops in the bedroom
- Toilet seat and flush buttons, taps and shelves in bathroom

2. On departure

Clean the bedroom and bathroom as per the usual procedures but using disposable cloths and gloves.

Waste disposal, including PPE

Dispose of gloves and cleaning cloths in a leak-proof plastic bag that is tied shut and put out in the rubbish.

Hand Washing after Room Cleaning

Immediately wash hands with soap and water for 20 seconds. Be careful not to touch your face before washing hands.
