Delays with Castaways Units

Delay in improvements to Castaways is due to the local Council inefficiencies. Should have been approved 90 days after March. A letter of complaint has been sent to the council requesting compensation for increasing costs over that period.

Ongoing updated information can be gained by providing

QuickTime™ and a
TIFF (Uncompressed) decompressor
are needed to see this picture.

Dear Members

A big thank you to all members for their continued patronage of our Club and for the support you have extended to our directors and board. Regards for a healthy and restful Christmas period. I hope you enjoy all that comes with this busy season and all the joy that Christmas brings.

geoff.mathie@bigpond.com your current email address. Note that emails will be sent out under 'bcc' so that your email address is **not** made public. To date, Geoff has 70 member email addresses. The previous address list held by Ian Warlters had was found to be inoperable due to the large number of persons changing their address.

Work Party Evaluation

- All kitchen cupboards in West Wing have been re-hinged and fitted with dampers;
- Considerable internal painting completed in West Wing;
- Two remaining old stoves hopefully will be replaced by winter; and
- All broken windows now repaired (in excess of \$900) – they do break easier in lodge due to low temperatures in winter.

New Owners – Charlotte Pass

Charlotte Pass Village is now in the hands of Mr Ian Barry and Mr Kevin Blyton who bought the company and met with Charlotte Pass Ski Lodges Association representatives late in September. They will be making improvements to the village for next season and we have been advised that Charlotte Pass Village lifts will operate from the weekend of June 6 and run until the weekend of September 21 in 2008. Prices of transport and packages not available at this date but we are assured that they will be very attractive.
