2025 Ski Season Priority Booking Dates

In January we flagged a change to the dates of the 2025 [ski season priority bookings round](#). The reason for bringing the priority round forward is to enable our members and guests to access the CPSR 20% discount on the Lodge Mountain Packages which are only available in January, and which assume people have already procured accommodation. These packages are not refundable.

This email confirms that earlier announcement. The key dates are:

1. Members and their sponsored guests will be able to submit their booking applications from **Friday 1st November 2024**.
2. All such bookings **received AND fully paid for by Sunday 1st December 2024 will be considered in the priority round**.
3. The club will aim to confirm the priority bookings by Tuesday 31st December 2024, if not earlier.

In January 2024 some of our members and their guests took up the CPSR offer without confirmed

accommodation. After negotiations CPSR did allow changes and refunds for those members. This option will not be available in 2025.

CPSR have confirmed that their 2025 package will be offered again at a 20% discount from 1st to 30th January 2025 and they will not be refundable.

Best regards
Jon Barber
